

MAXIMIZE YOUR LEADERSHIP DNA

Overview

Communicating and leading change is vital to every manager's role. But, it is the ability to remain confident and engage with change in an empowering and inspiring way that will help influence other's perception of the process that will set you apart from any leader.

This 1-day program explores the skills necessary to sustain change by focusing on the areas of emotional intelligence, persuasion and influence, and application of proven change management models. You will develop a proactive and skilled approach to maintaining focus and effectiveness during personal, departmental, team-based, and organizational changes.

Return on Investment

Through “Surviving and Thriving in a Changing Environment”, you will gain the following:

- Develop a proactive and skilled approach to maintaining focus and effectiveness during personal, departmental, team-based, and organizational changes
- Recognize the opportunities presented by change and learn how to take advantage of them
- Leverage your own strengths during change to become a source of stability for others
- Examine recognized change model methodologies, by such authors as Bridges and Kotter, and learn to apply them

Who Should Attend

- Individuals managing or dealing with organizational change and seeking practical skills to reduce barriers and increase positive results.

Program Faculty
