

# LEAN & SIX SIGMA GREEN BELT PROFESSIONAL CERTIFICATE

*Online with expert, real-time one-on-one support*

## Overview

With ever-increasing customer expectations, it is critical to take a structured approach to business performance analysis and the application of effective cost and performance techniques to achieve success.

Through this program you will master Lean process philosophy and Six Sigma quality tools presented in a virtual learning format with self-paced online learning and one-on-one real-time mentoring with your Rutgers Black Belt facilitator.

## Flexible Learning

This program is designed for a 10 to 12-week schedule. When you enroll, let us know if you need a faster track to completion or longer than 12 weeks and we can customize your schedule. If you and one or more of your colleagues would like to enroll simultaneously, we can work with you as a *cohort*, for a richer team experience.

Participants, gain in-demand skills and boost your value to your organization.

Organizations, build your team's ability to reduce waste, improve profitability and better satisfy your customers.
